Profile

I'm a web developer with over five years experience building websites, interfaces, & products. From concept to execution, I'm interested in all aspects of user experience, interface design, & code optimizations. I've worked with JetBlue, Caesars Casinos, WellPoint, Chipotle, Condé Nast, & other clients. I have a proven background in successfully handling all aspects of web development.

Experience

FRONTEND ENGINEER, CO+LAB MULTIMEDIA; RICHMOND, VA — 2015 - PRESENT

SOFTWARE ENGINEER, CONDÉ NAST; NEW YORK, NY — 2013 - 2015

Building & maintaining a video streaming website along with nine other engineers. Practicing SCRUM along with continuous integration & daily deployments to production. Routine daily interactions with the director of product design. Working in a completely Rails 4 development environment. Working remotely four to five times per month.

SENIOR DEVELOPER, ROKKAN; NEW YORK, NY — 2011 - 2013

Worked collaboratively with UI & UX designers to execute websites for clients. Involved in client presentations and internal meetings throughout the process. Lead developer on JetBlue, Chipotle, & WellPoint projects. Gave talks and trained coworkers on new topics.
